MAX (MX)

Space for what comes next.

Flexible rooms for focused work, shared ideas and everyday connection.

MX6 - MX11

One room system. More ways to work.

ROOMS THAT WORK WITH YOU

Make room for better work.

MAX creates dedicated spaces within the existing workplace. Choose a room size and explore the layout, glazing, finishes and furniture that suit your team.

01 Concentrate

Step away from shared desks for focused work and private conversations.

02 Collaborate

Give meetings, project discussions and hybrid teamwork a dedicated setting.

03 Connect

Bring people together in a lounge or informal collaboration space.

04 Adapt

A modular room system supports reconfiguration as workplace needs change.

A configuration for your workplace

Lighting, ventilation, interior surfaces and optional technology can be discussed alongside the furniture plan. The exact specification and inclusions are confirmed in your quote.

MAX (MX) / MX6

MX6

Your own space, within the office.

Create a dedicated setting for focused work, one-to-one conversations or a relaxed catch-up. MX6 brings the room-in-room concept into the smallest footprint in the MAX collection.

DESIGNED AROUND YOUR WORKPLACE

The details make the room.

A robust frame, layered acoustic construction and a choice of interior arrangements bring the MAX system together.

Frame	6063 aluminium alloy frame.
Glazing	10 mm ultra-clear tempered glass; 4+4 mm laminated door glass in the published enclosed-room specification.
Walls & roof	Layered acoustic construction with polyester panels and noise-reducing fabric. Wall finish options include steel or Gabriel upholstery.
Floor	Plywood floor construction on a steel frame, with adjustable feet and polyester carpet.
Surface finish	TIGER powder coating, with upholstery and colour selections to discuss for your project.
Comfort & technology	The supplier profile describes dual air circulation, adjustable lighting and optional room-booking technology. Confirm the package for your chosen model.

Choose the layout, then confirm the inclusions.

Furniture, screens, booking panels and appliances shown in renders are configuration examples. Open amenity layouts differ from the enclosed glazed-room specification.
